

**TOWN OF CONCORD
ERIE COUNTY
SPRINGVILLE, NEW YORK**

INTRO NO.
RESOLUTION NO. 3

DATE: February 12, 2015

I hereby certify that at a meeting of the Town Board of the Town of Concord held at the Town Hall in the Town of Concord on the 12th day of February, 2015, a Resolution was adopted of which the following is a true copy.

Councilwoman King moved the adoption of Resolution 3, seconded by Councilman Drake:

**A RESOLUTION TO BE SUBMITTED BY
LEGISLATOR MILLER-WILLIAMS**

WHEREAS, recent reports from administrators of Erie Community College (ECC) concerning the onerous and antiquated system of Community College Chargeback Rates that require taxpayers to pay a fee when residents of Erie County attend two-year schools elsewhere in the state warrants review by the Erie County Legislature; and

WHEREAS, ECC Chief Administrator and Financial Officer recently highlighted the need for a review by the Erie County Legislature in a memo sent to the ECC Board of Trustees which discussed the amount of municipal dollars that are being used to pay for the education of residents who attend a NYS Community College other than ECC; and

WHEREAS, the amount totaled over \$5.4 million in 2013 with taxpayers in Tonawanda and Kenmore payment \$846,204 extra in property taxes and taxpayers in Amherst/Williamsville paying \$910,670 extra in property taxes as a result of their residents attending a NYS Community College other than ECC; and

WHEREAS, this chargeback policy was implemented into State law in the 1950s and is inadvertently causing an undue burden on Erie County's struggling local governments, a review of this policy is warranted by this Honorable Body's Community Enrichment Committee in order to hear from stakeholders and formulate a multi-partisan strategy to address this issue with the WNY State Delegation and encourage reform of this chargeback policy.

NOW, THEREFORE, BE IT

RESOLVED, that the Erie County Legislature conveys its support for the reform of the Community College Chargeback Policy that has put a financial strain on Erie County and its municipalities; and be it further

RESOLVED, that this matter be fully discussed at a future meeting of the Erie County Legislature Community Enrichment Committee with representatives from ECC and stakeholders from local governments to formulate a plan to address this issue and encourage reform of this policy with Albany policymakers; and be it further

RESOLVED, that certified copies of this Resolution shall be forwarded to the County Executive, the leadership at ECC, local State Senate and State Assembly Representatives, and to each municipality in Erie County.

Voting as follows:

Councilman Drake	Aye
Councilwoman King	Aye
Councilman Krezmien	Excused
Councilman Salzler	Aye
Supervisor Eppolito	Aye

The foregoing Resolution was thereupon declared duly adopted.

Gary A. Eppolito, Town Supervisor

Attest:

Darlene G. Schweikert, Town Clerk

Mark C. Poloncarz
County Executive

Gale R. Burstein, MD, MPH
Commissioner of Health

Town Clerk

MEMO

To: Honorable Town Board
From: Johanna M. Coleman, Town Clerk
Re: Dog License Renewals and Dog Census
Date: February 20, 2015

During the summer and early autumn of 2014 the Assistant Dog Control Officers, hired by the Town Board to conduct a dog enumeration, determined that 888 dogs harbored in the Town of Lancaster were unlicensed. While the enumeration was to be town wide, pursuant to Town Board Resolution adopted on July 21, 2014, time constraints only allowed roughly 70% of the Town to be canvassed. As of December 31, 2014, 357 of the 888 dogs were eventually licensed. For your reference, I have enclosed copies of the Instructions and Dog Census Notice given to each of the Dog Enumerators.

Lewis Pacanowski, Assistant Dog Control Officer, receives daily updates of all dogs licensed as well as weekly reports of unlicensed dogs found during the enumeration. The daily updates are in electronic form and the enumeration reports are paper copies which were turned in to the Office of Town Clerk by the Dog Enumerators. The staff of the Dog Control Office, under the direction of Mr. Pacanowski, were directed to make personal visits to the homes of the dog owners who failed to license their dogs found during the enumeration as well as those dog owners that were delinquent in renewing their dogs' licenses.

Jeanne Feldmann, who was appointed by the Town Board in January 2015, began follow up of the unlicensed dogs with individual letters to the residents whose dogs were found to be unlicensed during the dog enumeration. There were 414 letters sent to the owners of 531 unlicensed dogs. This effort produced 35 new dog licenses in January, it is to be noted, however, that many of those who were sent letters in January have come in to license their dogs during February. The figures on February will be reported to you in March.

This month Ms. Feldmann has been sending notices to owners whose dog licenses expired in January 2014 and January 2015 and have not responded to the renewal notices sent to them by the Office of the Town Clerk. The results of this effort will be shared with you next month.

Please let me know if you have any questions or require clarification.

INSTRUCTIONS FOR DOG ENUMERATORS

1. It is important to enumerate the harbored (adult head of household – NO CHILDREN) and record a correct address for this person.
2. Enumerate only homes in the area assigned to you.
3. You will carry with you the following supplies:
 - Dog Enumeration Worksheet.
 - Dog Census Notice
 - Notice of Delinquent Renewal Report – This is a list of dogs that are licensed, **you are to avoid going to these houses.**
4. You will enumerate each home in your assigned area as follows:
 - Identify yourself to the householder.
 - Inquire if any dogs are harbored on the premises.
 - If yes, enumerate the information on your worksheet.
 - Leave Dog Census Notice with householder. Print your name at the bottom of the notice.
 - If no one is home, yet you hear or see a dog, note the address on your Dog Enumeration Worksheet and leave a Dog Census Notice in a secure location at the home, not in the mailbox.
5. Upon completion of the day's work in your enumeration area:
 - Deliver the signed and dated enumeration worksheet to Town Clerk's Office in the Town Hall, 21 Central Avenue or Fax or Scan & Email.
Fax: 683-2094
Email: jmcoleman@lancasterny.com

DOG CENSUS NOTICE
TOWN OF LANCASTER

Under Article 7 of the NYS Agriculture and Markets Law, Section 109, all dogs four months of age or older must be licensed in the municipality in which they are harbored

The Town of Lancaster is conducting a census of all dogs and puppies harbored within the Town. Below is a questionnaire of dog ownership that should be completed and returned to the Town Clerk's Office, 21 Central Avenue, Lancaster, New York 14086.

You will need the following paperwork to obtain a license:

- Proof of current rabies vaccination – signed certificate or receipt from veterinarian – no tags
- Proof of being spayed/neutered if applicable

The cost for the license is as follows:

\$13.00	If the dog is spayed/neutered
\$5.00	If the dog is spayed/neutered and the owner shows proof he/she is at least 65 years old
\$20.00	If the dog is not spayed/neutered
\$12.00	If the dog is not spayed/neutered and the owner shows proof he/she is at least 65 years old

The Town Clerk's Office is open Monday-Friday from 9:00 AM to 5:00 PM. Completed forms may be mailed or dropped off during office hours. All residents who own, keep or harbor or have care, custody or control of any dog must complete and return the application. For additional information, contact the Town Clerk's Office at (716) 683-9028.

Dear Mr. Fudoli:

The Lancaster Opera House hosts 30,000 guests and is active presenting more than 100 nights of events each season. As we continue to grow and diversify our audience, we are running into the issue of lack of space for both hospitality and storage.

While brainstorming with the staff on options to better utilize our current space, it was brought to my attention that the former Town Attorney's office is being used for storage on the first floor across from the tax office windows. I wanted to inquire as to the possibility of utilizing that space for our box office.

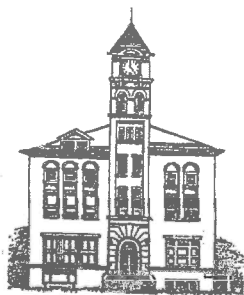

The use of this space would open up much needed room on our main level as well as make it easier for our older patrons to get to our box office during business hours as it is closer to parking and doesn't require walking through the entire theater. The added space that would be opened on our main floor would make it possible to expand hospitality, add an area for hanging coats as well as provide increased storage for our tech staff.

I would be happy to discuss this with you and the town board at your next meeting or at your earliest convenience. Thank you for your consideration in the matter.

Sincerely,

Matthew J. Walter

RETURN RECEIPT REQUESTED

February 18, 2015

Honorable Dino Fudoli
Town of Lancaster
21 Central Avenue
Lancaster, New York 14086

Dear Supervisor Fudoli:

**SEQR LEAD AGENCY DESIGNATION
MJJ PROPERTY MANAGEMENT, LLC
(FORMERLY LAFARGE)
TOWN OF LANCASTER, ERIE COUNTY
DEC ID 9-1452-00049/00002
MLR #90446**

This is to advise you that this Department has received an application to modify the Mining Permit issued pursuant to Article 23, Title 27 of the Environmental Conservation Law for the Genesee North Gravel Pit. MJJ Property Management, LLC has proposed to add an additional 8 acres to the sand and gravel mining operation.

In accordance with Article 8 (SEQR) of the New York State Environmental Conservation Law, we have identified the proposal as an "Unlisted" Action. However, the Department has opted to do a coordinated review for the proposal. Accordingly, preparation of an Environmental Impact Statement or issuance of a Determination of Non-Significance must be done after designation of an appropriate "SEQR Lead Agency."

This is to inform you that this Department proposes to act as SEQR Lead Agency for the review of this mining permit application, as the Mined Land Reclamation Law assigns principal authority over mining activities to this Department. However, the purpose of this letter is threefold:

1. to identify your jurisdiction in this matter and the current status of any permit or approval under that jurisdiction;
2. to request your concurrence with designation of this Department as SEQR Lead Agency; and

Honorable Dino Fudoli
February 18, 2015
Page 2

3. to request information regarding any project impacts, which should be addressed in our review, especially regarding setbacks, barriers to access, dust, hours of operation and zoning prohibitions.

Enclosed is a copy of the application, text describing the proposed permit modification, an Environmental Assessment Form and an Organizational Report. Please review this material and provide a reply by March 24, 2015. If no reply is received by this date, we will assume you have no objection this Department assuming the role of SEQR Lead Agency and have no comments to make at this time. Please save the enclosed information, however, in the event you may wish to make comments during the 30-day public comment period for the Notice of Complete Application, which we will also send to you in the future.

If you have any questions regarding the application or SEQR procedures, please contact me, or if appropriate, the applicant.

Sincerely,

Denise Matthews

Re: Designation of Lead Agency
JPS Labs #1429
16 Lancaster Parkway
Town of Lancaster, County of Erie

All:

Please be advised that a private developer has submitted a Site Plan for the construction of a 10,000 square foot building to manufacture small electrical devices located at 16 Lancaster Parkway on a ± 1.3 acre parcel and which the Town has determined to be an "Unlisted" Action under SEQRA.

The Town Board of the Town of Lancaster advised the developer that an Application and Environmental Assessment Form (EAF) was to be submitted to the Town of Lancaster in order to commence a review of the proposed project under SEQRA.

The developer has now submitted the application and EAF and the Town Board of the Town of Lancaster is now notifying all other agencies which may be involved in the approval of this project that within thirty (30) days of the mailing of the enclosed EAF, a lead agency must be designated by agreement among the agencies.

The anticipated impact of this project is primarily of local significance and the Town of Lancaster desires to act as lead agency in investigation and review of the proposed action.

Local Police Departments Differ on Use of Lifesaving Drug WGRZ

Jeff Preval, WGRZ 12:12 a.m. EST February 18, 2015

(Photo: WGRZ)

BUFFALO, NY - A new report from the state Attorney General's Office says roughly a third of all seizures from heroin in the country occur in New York State.

Luckily, there's a lifesaving drug called narcan that can reverse the overdose.

Paramedics have used narcan for years, but what's new these days is that many police departments are equipped with narcan in a nasal form. These departments say they're cutting down on response time and saving lives, while other agencies are choosing not to purchase narcan for their officers.

Joe doesn't want his identity revealed, but he was willing to speak to us about what happened to him last summer in a WNY community. Joe says it all started when he went over his friend's house.

"I used too much heroin, I overdosed," he said, "I told him I had to use the bathroom, but I was getting high in the bathroom, I guess five minutes, ten minutes went by and they heard a big dink on the sink, and they went in there and found me on the ground."

REPORTER: That dink on the sink was what?

JOE: "My head hitting it, they brought me downstairs, called the paramedics, but they said I was breathing in and out, the cops gave me the narcan, the one you sniff and I guess I didn't wake up from that."

Narcan reverses the effects of drugs that relieve pain called opioids, such as fentanyl, heroin and hydrocodone.

"If an opiate is an 'on switch' this is an 'off switch.' Narcan is like an off switch," said Dr. Richard Blondell, a professor of family medicine at UB.

As the story has been told to Joe, he didn't wake up immediately, so first responders hooked him up to a narcan IV.

REPORTER: How fast does the narcan via IV work?

BLONDELL: "Minutes, so if someone is comatose or on a heroin overdose you inject narcan, it is in a minute or two, it's amazing they just wake up, just right from the dead, miraculously, just like a Hollywood movie, it's an amazing thing."

And that's what happened to Joe, in real life.

REPORTER: What were your emotions at that point and time?

JOE: "I just knew that i did it again."

For Joe, he had a relapse.

And says he was sent to a drug rehab facility after the incident. Joe was lucky to be alive.

According to the Erie County Health Department, fatal heroin overdoses have grown in the county from 10 in 2010 to 24 in 2014. Over the past four years, fatal overdoses from drugs like fentanyl and oxycontin have averaged around 100 per year.

For decades, paramedics have had narcan in the IV form. These days, many police officers are carrying narcan in a nasal form, which comes in the size of a pen.

Police agencies across WNY have been or are being trained how to administer narcan nasally -- often times getting training from county health departments. If a police officer suspects someone's overdosing, the officer sticks the narcan cylinder up the nostril and sprays -- and repeats the same in other nostril.

"If it's given nasally, there's going to be a few minutes delay, because the drug has to be absorbed through the inside lining of the nose and then, into the blood stream, so that takes a while, it takes minutes," Blondell said.

Lancaster Police is one local department that has all its officers carrying narcan.

"We're saving lives consistently," said Chief Gerald Gill of the Lancaster Police Department, "it's an effective breakthrough in street medicine and emergency medicine."

Narcan saves by police departments have been reported across WNY. Buffalo Police tell 2 On Your Side they had 10 saves with the nasal spray over the past year. And there's been one save by Attica Police, the Genesee County Sheriff's Office and in Chautauqua County by the Lakewood-Busti Police Department.

The state health department tracks the number of narcan saves statewide and has the number at 133. But, the state hasn't broken the number down by region, so we don't know how many saves there have been in WNY.

We took a look around Erie County and found that the majority of police departments carry narcan. But some do not, such as Orchard Park Police.

"Our budgets are limited, there are certain things that we have to do and have to have for training. We already have a system in place where the narcan is deployed," said Chief Mark Pacholec of Orchard Park Police.

Chief Pacholec says EMS personnel carry Narcan.

"It didn't make sense from our point of view to be over-redundant in that area," Pacholec said.

REPORTER: Do you think that it's enough for EMS to have the narcan?

PACHOLEC: "We do, again they're out at all times like our officers are and a lot of times they can beat the officer there because the officers typically are tied up or doing something."

In the Town of Tonawanda, police officers don't carry narcan but EMS there does. Lackawanna has a similar system -- police don't carry narcan, but firefighters do. NFTA police says their officers cannot carry narcan because they aren't certified. Kenmore and Amherst Police tell us they're working on getting narcan training. Depew and West Seneca Police don't carry narcan and haven't given us a reason why.

Local Police Departments Differ on Use of Lifesaving Drug

Meantime, Joe, who says he's now getting treatment for his drug addiction, has a message for police departments that don't carry narcan.

Page 3 of 5

"What does it hurt for them to have it too? There's no reason why they shouldn't have it and the paramedics should have it," he said.

Cost is one of the biggest factors why some police departments are hesitant to get narcan. While there are programs to cut the cost, the state Attorney General's office offers a rebate program for one year, police officials say there are recurring costs each year, mostly for training.

In terms of the cost, Pacholec says some of the biggest costs involving narcan come not with the drug itself, but with the training and the overtime that comes with it.

We did find one local agency -- Horizon Health -- that's reaching out to police departments offering training and narcan supplies for free.

Lancaster, Lockport men face felony drug charges

on February 13, 2015 - 10:59 PM

Andrew Jachimiak, 27, of Central Avenue, Lancaster, and Douglas Bisher, 29, of Minnick Road, Lockport, were arrested on felony drug charges after being stopped by Buffalo police Thursday afternoon at Ontario and Niagara streets.

Police said they found the men had hypodermic needles, cocaine and heroin in their vehicle. They were charged with fifth-degree criminal possession of a controlled

Depew man arrested for theft of credit cards he illegally used

on February 20, 2015 - 10:26 PM

A 33-year-old Depew man was arrested by state police Wednesday on charges of felony identity theft and grand larceny for allegedly using credit cards from a couple who had hired him through Craig's List to help hem move into a new home in Grand Island.

Jesse M. Smigielski, who was traced to the thefts after allegedly using the stolen credit cards to make more than \$3,000 in purchases, was being held at the Erie County Holding Center Friday in lieu of \$7,500 bail awaiting further proceedings in Grand Island Town Court.

Smigielski also faces unrelated charges in the Town of Lancaster.

Smigielski and another man were hired to help the couple with their move.

LANCASTER RESIDENTS ARRESTED IN BUFFALO

DEF
ADDRESS: DOB 89
CD # 15-0230772 ARREST DATE: 1/23/15
CHARGES: 220.03, VTL 306B, 1229C3, 375-2A4, 375-2A3, 375-2A1, 1163D

Ofcs on routine patrol observed a grey vehicle traveling westbound with only one headlight vehicle also failed to signal northbound on to Ontario St. Upon stop officers noticed the vehicle also had only one tail lamp and no inspection sticker. Driver appeared to be under the influence of drugs or alcohol. Officers asked driver to step from the vehicle for a sobriety test they noticed small pink baggies in the door panel with Heroin inside. Eight wax bags of Heroin were recovered from vehicle.

PERSON 2 WAS FRONT SEAT PASSENGER IN VEHICLE.

The Switalski Family

11. February. 2015

To the Members of the Police Department...

Please accept our heartfelt thanks for your generosity and assistance during our father's funeral procession on February 2nd. Dad was proud to serve the Cheektowaga Police for 30 years, and we were so grateful to have been the recipients of your kindness during his memorial.

Kind regards,

The Family of Charles Switalski

MEMORANDUM

DATE: February 25, 2015
TO: Officer William Gummo
Officer Richard Albert
FROM: Chief Gerald J. Gill, Jr.
SUBJECT: Complaint No. 15-500896

This is to advise you that _____ wrote (see attachment) this office to express her appreciation for the professional manner in which you handled the above captioned complaint.

I thank you for presenting our department in a positive light.

Enclosure

Lancaster, New York 14086

I was involved in a hit and run accident on January 20, 2015 on the corner of William Street and Hidden Trail. Although I was not hurt, I was shaken up since the pick up truck passed me on the left as I was initiating my left turn.

The guy that hit me fled and I tried to follow him but my car was not drivable. I called 911 immediately after pulling over. Two witnesses stopped and stayed with me until the police came. The operator informed me that the police would be coming up Lake Avenue and would turn to pursue the truck.

I believe two officers responded. One pursued the truck down William Street and Officer Gummo responded to the accident scene.

He was very helpful and concerned. He patiently took the information from both me and the witnesses, allowing them to leave as soon as they gave him their information. He took my papers and had me sit in my car until he was done. He then followed me home to ensure my car made it – the wheel was damaged and barely drivable.

The next evening Officer Albert called my home to inform me that he apprehended the guy that hit me. I never expected for him to be caught! It made the insurance process much easier and less costly to me. I really appreciate the fact that Officer Albert remembered the incident and the description of the truck that hit me. Also receiving the call was great.

As a follow up, Officer Gummo also called me on his next shift, informing me that he would update the police report to reflect the newly acquired information.

Overall, I just wanted to say thank you and let you and the officers know how much I appreciate everything they did. Thank you so much.

Sincerely,
